ABOUT US

As ERS Marine Shipping, we are serving ship repair and ship supply services and solutions to our customers meeting with their requirements at any kind of their vessels' arrangements on time basis of 7/24 at Turkish waters including Dardanelles Strait and Bosphorus Strait.

For more than 30 years in the sector, we are answering your enquiries related with ship technical service and ship supply at all Turkish Ports, Dardanelles Strait and Bosphorus Strait with efficient and reliable solutions.

In marine sector, based our long years of experiences, we are the best solution partner for our Customers by considering the minimum portstay duration of their vessels. We are performing ship repair service and supply operations with our professional team by protecting owners financially and not effecting the port stay duration of the vessels regardless of the time. And whole mentioned is being carried out purposed of customer satisfaction. In relation with subject, we strictly care of feedbacks from our customers and applying continuous improvement within our company management system.

We are aiming to be the leader of the ship repair service, ship supply and marine solutions field by building long-term relations with our customers.
